

Guidelines for the event:-

- All candidates between the age of 18-35 can register for this event.
- The deadline for the registration of this event is, 12 noon 7th September 2022
- Registering team size for the Hackathon/Ideathon should note that the size of each team should be between 3-5 members
- All registered participants will have to clear a preliminary round in order to participate in the main event
- The results for the preliminary round will be announced by September 8th, thereby, all qualified students will have to make travel arrangements for the main event at IIT Jodhpur
- No participants will be given any travel allowances, hence they are required to make their own arrangements
- All qualified students are required to reach the campus premises by September 15th
- No team can change their team member that was registered during the registration process.
- From the registered team, the team leader will be responsible for the registrations and submissions for the events.
- All participants are required to take prior consent from their respective educational bodies or organizations that they are currently associated with.
- All participants are required to show their identity cards/proofs of their individual colleges/organizations.
- All participants are required to be double vaccinated and possess a certificate of their vaccination
- All participants will be hosted by IIT Jodhpur during the timeline of the event, providing complete accommodation and food.
- All participants will be expected to vacate the accommodation after the conclusion of the youth conclave.
- All participants are required to follow the established code of conduct; in case of any violation, stringent actions will be taken.
- No participants will be allowed to enter restricted areas mentioned in the COC
- IIT Jodhpur reserves the right to utilize any photograph or video clicked during the conclave for publicity of the event.
- Any means of plagiarism will lead to automatic disqualification
