***School of Liberal Arts will
have a broader vision
breaking the silos created
by disciplinary
boundaries and
reimagining the
educational structure.***

The School of Liberal Arts in IIT Jodhpur aspires to be a forerunner in Liberal Arts education and research.

Flagship program: 2-year MSc program in Computational Social Science (MSc CSS).

New Ph.D programs in the School of Liberal Arts.

Vision

Our vision is to emerge as a forerunner in Liberal Arts education with a novel, open, futuristic, transdisciplinary, and inclusive liberal humanist approach that not only engages with the human, the non-human, and the planetary but also recognizes and amplifies the diverse possibilities and potentials of human-technology interfaces as both agents and sites for social change.

Mission

To promote holistic and experiential learning, collaborate with stakeholders, and create a distinctive research and teaching ecosystem that bridges the gaps between the humanistic, the social, the environmental, and the technological.

ADMISSION: AY 2022-23

2-year MSc in Computational Social Science (CSS):

The School of Liberal Arts, IIT Jodhpur, invites applications for admissions to its flagship program MSc in CSS for the academic year 2022-23.

The program positions itself at the intersections of Social and Computer Sciences and Mathematics. It adopts computational methods in solving a sociological inquiry.
